

FOR IMMEDIATE DISTRIBUTION

Change in the Management Board of 3D-Micromac AG

Uwe Wagner appointed as Chief Technology Officer

The chairman of 3D-Micromac AG has appointed Uwe Wagner as Chief Technology Officer. Effective January 1, 2017 he takes charge of technological management at the Chemnitz machine manufacturer and heads the company divisions of engineering and process development.

Uwe Wagner was born in 1971. He studied Electrical Engineering/ Communication Engineering at the University of Applied Sciences and Arts, Hanover and began his professional career at the Laser Zentrum Hanover (LZH). In the following years, he worked for LPKF Laser & Electronics AG, Jenoptik Automatisierungstechnik GmbH and Jenoptik Laser GmbH, where his responsibilities included Product Management, International Sales and the development of new business fields, as well as Business Development for the Laser & Material Processing division at Jenoptik. Uwe Wagner has been working for 3D-Micromac AG since 2012. After an initial period in business development, Uwe Wagner was appointed Chief Sales Officer in 2013.

The previous Chief Technology Officer Dr. Carsten Swiatkowski will leave 3D-Micromac for family reasons as of April 30, 2017. Tino Petsch and the Executive Board would like to thank Carsten Swiatkowski for his commitment and wish him all the best for his professional and personal future.

About 3D-Micromac AG

Founded in 2002, 3D-Micromac AG is the industry leader in laser micromachining, delivering powerful, user-friendly and leading edge processes with superior production efficiency.
